AT A GLANCE

Rich Petrelli is a Florida-based author of historical conspiracy thrillers. His Templar's Legacy Trilogy—*The Hidden Cipher*, *The Black Chalice*, and *Babel*—follows cryptologist Dr. Elena Voss into a centuries-old Knights Templar conspiracy. He and his wife, Zona, have traveled full-time by RV for more than a decade.

Historical conspiracy thrillers where ancient secrets collide with modern power.

RICH PETRELLI

SHORT BIO · 46 words

Rich Petrelli is a Florida-based author of historical conspiracy thrillers. His Templar's Legacy Trilogy—*The Hidden Cipher*, *The Black Chalice*, and *Babel*—follows cryptologist Dr. Elena Voss into a centuries-old Knights Templar conspiracy. He and his wife, Zona, have traveled full-time by RV for more than a decade.

MEDIUM BIO · 155 words

Rich Petrelli is a Florida-based author whose novels blend ancient mysteries, global conspiracies, and fast-paced suspense. His debut thriller, *The Hidden Cipher* (Color & Quill, 2025), launched the Templar's Legacy Trilogy, which follows cryptologist Dr. Elena Voss, DGSE operative Antoine Rousseau, and researcher Liam Hayes as they chase a secret the Knights Templar died protecting. The series continues with *The Black Chalice* (2026) and concludes with *Babel* (February 2027). Readers' Favorite gave *The Hidden Cipher* a five-star review, calling it “an exhilarating ride.”

Rich's fiction is shaped by his passion for history, science, and human behavior—and by life on the road. He and his wife, Zona, have traveled full-time by RV for more than a decade, and the historic cities and remote landscapes they encounter often inspire the settings of his stories. Beyond thrillers, he has written nonfiction, including *ISOMETONICS*, and children's books such as *The Adventures of Pman & Pookie* and *Wiggle & Giggle*.

LONG BIO

LONG BIO · 305 words

Rich Petrelli is a Florida-based author of fiction and nonfiction, best known for thrillers that plunge readers into worlds where ancient mysteries, hidden orders, and cutting-edge science collide. Born in Bethpage, New York, he now lives a nomadic life: for more than a decade, he and his wife, Zona, have traveled full-time by RV, a journey that has carried them across diverse landscapes and cultures and that infuses his fiction with authentic settings and a deep appreciation for the mysteries history holds.

His debut thriller, *The Hidden Cipher* (Color & Quill, December 2025), opens the Templar’s Legacy Trilogy. When a forbidden Templar manuscript resurfaces after seven centuries, cryptologist Dr. Elena Voss is drawn into a conspiracy guarded by silence and blood. Readers’ Favorite awarded the novel a five-star review, praising its complex plot, action-packed suspense, and “exceptionally accomplished” characterization. The saga escalates in *The Black Chalice* (August 2026), as a deadly pathogen sweeps the globe, and concludes in *Babel: Every Vow Must Be Tested*, arriving February 14, 2027.

Rich designed the trilogy as an escalation. Book One deliberately “starts with absence”—the Templars appear only as fragments and echoes—so that each installment reveals more of the Order and raises the stakes. At its center is a heroine who is not an action hero by choice: Elena is analytical and careful, a scholar forced to live with uncertainty when her expertise leads her deeper into danger.

The series reflects years of research into cryptology, genetics, and faith, and the same curiosity drives his work in other genres: the fitness guide *ISOMETONICS: The Intermittent Fasting Fitness Plan*; the social commentary *Words Are Words, Violence Is Violence*; RV-travel guides; and children’s books including *The Adventures of Pman & Pookie* and *Wiggle & Giggle*. When he isn’t writing, Rich enjoys studying history, science, and human behavior, and practicing martial arts.

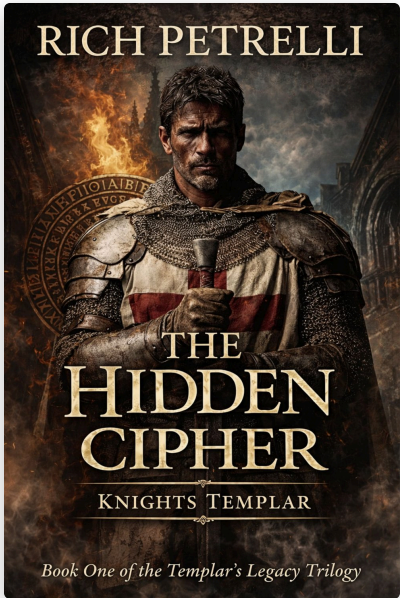

Alternate headshot.

THE TEMPLAR’S LEGACY TRILOGY

A sweeping saga of cryptology, genetics, and faith. Three books. One buried truth.

Three novels. One conspiracy spanning centuries. Follow cryptologist Dr. Elena Voss from the first recovered cipher to a final reckoning that reaches across centuries. Each installment deepens the conspiracy while carrying the same blend of hidden history, coded clues, and relentless suspense—drawing on real Templar legends and authentic European locations as the backdrop for an entirely imagined story.

BOOK 1 OF 3

THE HIDDEN CIPHER

A relentless chase through ancient secrets, modern power, and the shadows between.

BOOK 2 OF 3

THE BLACK CHALICE

The battle has reached New York City.

BOOK 3 OF 3

BABEL

History was never the enemy. Humanity was.

MEET THE CHARACTERS

Official character portraits from richpetrelli.com/meet-the-characters.

DR. ELENA VOSS

CRYPTOLOGIST

At the center of the trilogy, Elena sees patterns where others see fragments—a gift that draws her into a conspiracy reaching from the Knights Templar to a modern threat.

ANTOINE ROUSSEAU

DGSE BLACK OPS

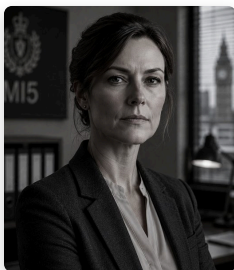

A seasoned DGSE operative whose intelligence, combat skills, and instinct for danger protect the team; his past and loyalties are more complicated than they first appear.

LIAM HAYES

ANALYST / RESEARCHER

Elena's closest ally, with a talent for connecting pieces that others overlook.

SARAH MILLS

MI5 COMMANDER

Brings discipline and a willingness to make difficult decisions as the threat moves beyond borders.

GIDEON VALMONT

PRECEPTOR OF THE WESTERN
COMMANDERY

A wealthy philanthropist and collector whose polished persona hides a deeper connection to the modern Knights Templar.

ISABELLA GUIOMAR

ARCHITECT OF THE GUILD

Leads the clandestine Guild of Shadows from behind the scenes—one of the trilogy's most dangerous adversaries.

KONSTANTIN VOLKOV

GUILD BIOWEAPONS SCIENTIST

A brilliant, unrestrained scientist devoted to biological weapons capable of changing history.

DR. SARAH CHEN

DIRECTOR OF THE WHO

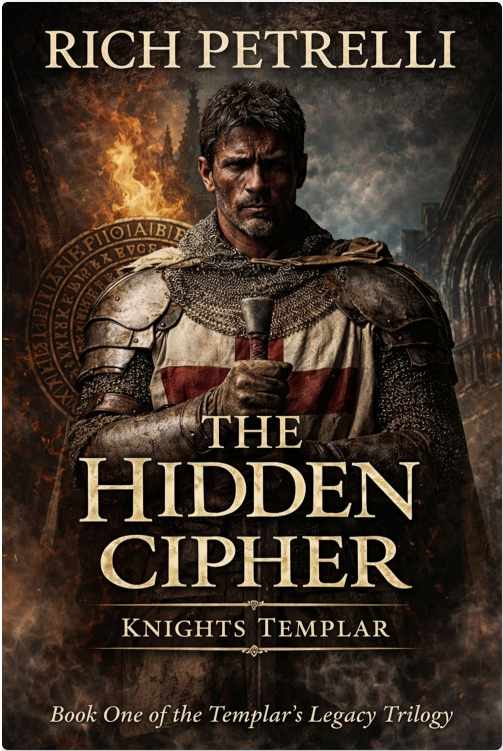

Leads the international medical response to a threat spreading faster than medicine can contain.

DR. HENRIQUE TAVARES

ANTIQUITIES COLLECTOR

A scholarly collector of rare artifacts whose knowledge makes him an intriguing figure in the conspiracy.

THE HIDDEN CIPHER

A Knights Templar Conspiracy Thriller

A relentless chase through ancient secrets, modern power, and the shadows between.

SHORT SYNOPSIS

When a forbidden Templar codex resurfaces after seven centuries, cryptologist Dr. Elena Voss recognizes symbols tied to secrets buried deep within the Vatican. Joined by Antoine Rousseau and Liam Hayes, she follows a trail through Europe's cathedrals, crypts, and ancient ruins while a powerful network races to silence the truth. But each discovery draws them closer to a secret the Knights Templar died protecting—and to a conspiracy that was never meant to be uncovered.

COMPARABLE AUTHORS

Perfect for fans of Dan Brown, Steve Berry, James Rollins, Simon Toyne, and Raymond Khoury.

THE HIDDEN CIPHER

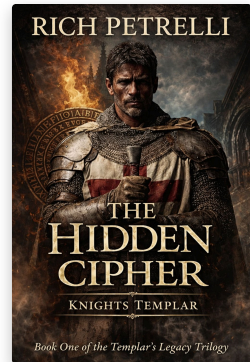

LONG SYNOPSIS

Drawing on real Templar legends, authentic European locations, and centuries-old mysteries, *The Hidden Cipher* weaves documented history into a high-stakes modern thriller.

When a forbidden Templar manuscript resurfaces after seven centuries, cryptologist Dr. Elena Voss is the first to recognize the symbols etched inside—and the deadly warning buried beneath them. What begins as a routine analysis pulls her into a conspiracy protected by silence, blood, and a hidden order determined to reclaim the cipher at any cost.

Joined by covert operative Antoine Rousseau and researcher Liam Hayes, Elena follows a hidden lattice of encrypted symbols across Europe—through echoing cathedrals, forgotten monasteries, restricted archives, and the sealed chambers of Templar strongholds. Each revelation pulls them deeper into a silent war that has smoldered for centuries... and every step forward stirs enemies who have killed to keep this truth buried.

Because the cipher doesn't just rewrite history—it reveals a truth powerful enough to end the human race.

PRAISE

"This is a book that fans of Dan Brown will adore... Rich Petrelli's novel is an exhilarating ride, and I can't wait to read the entire trilogy."

— Ruffina Oserio, Readers' Favorite (five-star review, Dec. 11, 2025)

"The plot is complex and filled with action-packed scenes and suspense... This book gets my vote on every level."

— Ruffina Oserio, Readers' Favorite

SHORT SYNOPSIS

The search that began in *The Hidden Cipher* becomes a fight for survival when a deadly pathogen begins sweeping across the globe. Elena Voss and her allies race across continents to stop a conspiracy centuries in the making, following a trail that reaches from ancient secrets to a terrifying modern threat. But as the death toll rises, they uncover an even darker truth: the artifact they pursued may hold the blueprint for humanity's extinction—and time is running out.

COMPARABLE AUTHORS

Perfect for fans of Dan Brown, Steve Berry, Raymond Khoury, and James Rollins.

THE BLACK CHALICE

LONG SYNOPSIS

As a deadly new plague spreads across the globe, cryptologist Elena Voss races to uncover the truth behind an ancient conspiracy that has survived for centuries. But this time, her enemies are prepared, their plans are already in motion, and every victory comes at a devastating cost.

When a mysterious guardian from the present-day Knights Templar steps from the shadows, Elena must decide who she can trust before history's darkest secret reshapes the future of humanity.

The plague survived. So did the Order sworn to stop it.

From hidden archives and encrypted manuscripts to forgotten relics and centuries-old secrets, every discovery pulls Elena and Liam deeper into a conspiracy that has quietly shaped history for generations. As the line between ally and enemy vanishes, they uncover evidence that the legendary Knights Templar may still exist—hidden in plain sight, protecting humanity from a threat the world has never known.

But an unseen enemy is already moving. Ancient knowledge has become a modern weapon, and every clue brings the next catastrophe closer. In a relentless race spanning continents, every decision could save millions... or doom them.

PRAISE

"Rich Petrelli's The Black Chalice explodes from the very first page. ... The Black Chalice is intricately plotted, propulsive, and twisty, following a trail that leads to a seven-hundred-year-old secret beneath Antioch. The characters are stunningly created. Elena is not just brilliant; she is stubborn, and her sixty-second rule for grief, the seconds in which she has to absorb and feel whatever she has to feel, becomes an extension of her personality. Despite the nonstop action, the heroes enjoy the banter. The plot is stocked with surprises, and you have no clue where it will take you. Rich Petrelli's prose is exquisite, with clipped sentences, a chillingly clinical villain POV, and encrypted texts woven into the story. This smart, cinematic novel is surprisingly moving; it does not just build huge stakes; it weaponizes the sky."

— Ruffina Oserio, Readers' Favorite (5 stars)

"grabs you from the first outbreak and doesn't let go."

— LubyH23, ARC review

SHORT SYNOPSIS

Every clue has led to the conspiracy's endgame. As civilization teeters on the edge of collapse, Elena Voss, her allies, and the modern Knights Templar race against time to stop an enemy that has spent decades preparing the world for a final reckoning. But the deeper they descend into the conspiracy, the more terrifying the truth becomes: *Babel* was never merely a legend. It was a warning—and now, the countdown has begun.

BABEL

LONG SYNOPSIS

The search that began in *The Hidden Cipher* and intensified in *The Black Chalice* has led Elena Voss and her allies to a single, terrifying truth.

For centuries the Knights Templar guarded a secret so dangerous it was erased from history itself. Now someone intends to unleash it.

As civilization teeters on the edge of collapse, cryptologist Elena Voss, analyst Liam Hayes, DGSE Black Ops agent Antoine Rousseau, and the modern Knights Templar must confront an enemy who has spent decades preparing the world for a final reckoning.

Every clue has led here. Every sacrifice has been building toward this moment. The conspiracy is no longer hidden. The 72-hour countdown has begun.

Babel was never just a legend. It was a warning.

WHAT READERS ARE SAYING

THE HIDDEN CIPHER

“A gripping, fast-paced thriller that blends history, mystery, and action in all the right ways.”

— Tom Richards, Goodreads reader review (Dec. 8, 2025)

“Elena Voss is a strong, believable lead, and I liked how the code-breaking and history actually drive the plot instead of just decorating it.”

— Olivia Grant, Goodreads reader review (Feb. 6, 2026)

“I could not put it down... Felt like a blend of Dan Brown and Raiders of the Lost Ark.”

— Ana Lisa, reader review published on richpetrelli.com

“Ancient secrets and modern danger collide in a way that’s hard to put down.”

— Ethan, Goodreads reader review (Jan. 29, 2026)

“The pacing is tight and addictive, with clues layered so cleverly that you find yourself examining every detail alongside the characters.”

— Matt Norton, reader review published on richpetrelli.com

THE BLACK CHALICE

“The Black Chalice is one of those thrillers that grabs you from the first outbreak and doesn’t let go. What I liked immediately is how grounded the opening feels — a deadly pathogen erupting in New York, panic spreading faster than the infection itself — and then, almost quietly, the story widens into something far older and far stranger. Dr. Elena Voss, analyst Liam Hayes, and former DGSE operative Antoine Rousseau make a compelling trio: sharp minds, different skill sets, and that shared sense of being pulled into something much bigger than any of them expected. The pacing has that relentless, globe-spanning urgency that suits a conspiracy centuries in the making. Every new outbreak reveals another fragment of an impossible pattern, and the way those clues lead back to the Knights Templar gives the book a lovely archaeological-mystery flavour. I enjoyed how the historical threads are woven into the modern danger — not as dusty lore, but as living secrets that still have teeth. The Black Chalice itself is a great hook. It’s not just an artefact; it’s a mystery that feels both sacred and terrifying, something buried not to hide power but to protect humanity from it. The idea that someone has spent decades preparing for this moment — believing civilization must be broken before it can be rebuilt — adds a chilling philosophical edge. It’s not just villainy; it’s ideology, and that makes the threat feel far more real. Elena is a strong anchor throughout. Her cryptologist’s mind gives the story clarity, and her determination keeps it grounded even when the stakes become apocalyptic. Liam and Antoine round out the team beautifully — one analytical, one hardened by experience — and their dynamic adds warmth to a plot that could easily have felt cold. Instead, it feels human, urgent, and quietly hopeful.”

— LUBYH23, ARC REVIEW

SUGGESTED INTERVIEW QUESTIONS

Suggested questions for media hosts. No published media interview transcripts were found, so answers are not provided here; Rich's own published remarks on the books appear below.

1. What first drew you to the Knights Templar as the backbone of a trilogy?
2. How much of *The Hidden Cipher* is grounded in real history, and where does the fiction take over?
3. Dr. Elena Voss is a cryptologist rather than a traditional action hero. Why build the series around her?
4. How did you approach creating ciphers and codes that readers can follow along with?
5. *The Black Chalice* moves from medieval secrets to a modern pandemic threat. How did you research the science?
6. You planned the trilogy as an escalation. How did you map the arc across three books?
7. Elena, Antoine, and Liam each see the world differently. How do those perspectives shape the story?
8. You and your wife, Zona, have traveled full-time by RV for more than a decade. How does life on the road influence your writing and settings?
9. Your books are often compared to Dan Brown and Steve Berry. How do you see your work in that tradition?
10. You've written thrillers, a fitness guide, social commentary, and children's books. What connects them?
11. What can readers expect from *Babel*, the trilogy's conclusion, in February 2027?
12. What advice would you give writers who want to blend history with modern suspense?

IN RICH'S OWN WORDS

Verbatim excerpts. Source: Rich Petrelli, "Why I wrote *The Hidden Cipher*," blog post, richpetrelli.com (Aug. 24, 2026). Video: "Why I Wrote *The Hidden Cipher* | Author Rich Petrelli," YouTube @HiddenCipherBook.

ON HOW THE BOOK BEGAN

*"I didn't start *The Hidden Cipher* with a grand plot. I started with a feeling—the silence of an archive at night, and the quiet realization that the history we study isn't always dead. Sometimes it's just waiting."*

ON THE STORY'S CORE

"What interested me wasn't simply uncovering a secret. It was what happens when someone who values clarity is forced to live with total uncertainty... This isn't just a story about secrets. It's about the consequences of knowing something you can never unknow."

ON STYLE

"I kept the prose relatively light on purpose. I wanted space between the words so the reader could feel the same mounting pressure Elena feels."

ON THE TRILOGY'S DESIGN

"Book One was deliberately designed to start with absence. The Knights Templar are not an active presence yet—only fragments, echoes, and unanswered questions... The Templar's Legacy Trilogy is built as an escalation."

ON THE THREE LEADS

"Elena understands meaning. Antoine understands risk. Liam understands consequence. Remove any one of those perspectives and the story becomes too confident, too predictable."

TOPICS RICH CAN SPEAK ON

SUGGESTED · DERIVED FROM THE BOOKS' THEMES

THE KNIGHTS TEMPLAR: HISTORY VS. LEGEND

Why the Order still fascinates readers seven centuries after its fall, and how the trilogy uses real legends and locations as a backdrop for an imagined conspiracy.

ANCIENT KNOWLEDGE AS A MODERN THREAT

The trilogy's blend of history, genetics, and pandemic-scale danger—and what it says about science and responsibility.

DESIGNING A TRILOGY AS AN ESCALATION

Planning three books so each deepens the mystery and raises the stakes.

ONE AUTHOR, MANY GENRES

Moving between thrillers, fitness nonfiction, social commentary, and children's books.

CODES, CIPHERS, AND CRYPTOLOGY IN FICTION

How a cryptologist heroine lets readers decode clues alongside the characters.

WRITING A THINKING HEROINE

Building a protagonist who is brilliant and careful rather than an action hero, and who is changed by what she uncovers.

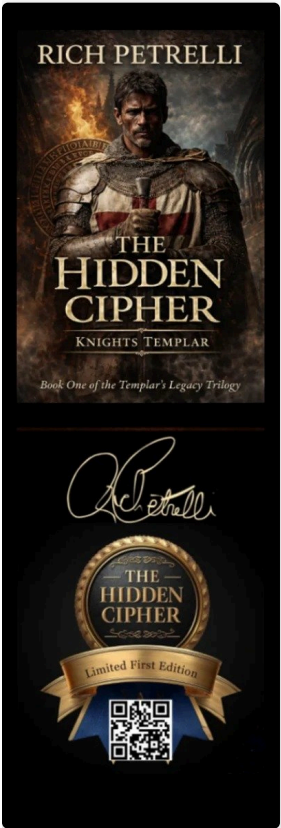

WRITING FROM THE ROAD

How more than a decade of full-time RV travel with his wife, Zona, shapes setting, atmosphere, and the human stories behind landscapes.

EVENTS & APPEARANCES
